

SKV-ELITE – EURO CRUCIBLE

SINGLE USE CRUCIBLE FOR ALUMINOTHERMIC WELDING PROCESS

- » Single Use Crucible
- » Luting Putty with advanced heat resistant and malleable properties
- » Lifting handle for ease of use and operator safety
- » A separate filter system can be used to reduce smoke and particles
- » Qualified against AS1085.20
- » Robust packaging ensures welding kits are transported and stored without damage
- » Uses standard SkV-Elite equipment and consumables therefore reducing cost
- » Used crucible can be used to remove slag and other site waste

BENEFITS

- » Suitable for AS31-AS60 standard carbon or head hardened rail
- » Revised putty formula allows faster set up time, minimising run outs and reduced operator clean up
- » Fast installation with either 2 or 3 piece mould systems allowing increased welding productivity
- » Minimise OH&S issues with innovative lifting handle and filter cap, providing a safer working environment
- » New design and user friendly equipment allows for quick set up
- » Accreditation, Process Conversion Training and Technical Support delivered by Thermit Australia
